

## Fundraiser for Lawsuit — Save South OC's Open Space- Stop the 241 Toll Road

**Stop the progress of the toll road through South OC!**  
**Contribute to the fund** to help pay for a lawsuit to challenge the hidden, secret, & illegal approval of the Oso Bridge. A Notice of Determination was falsely filed indicating that a required analysis under the California Environmental Quality Act ("CEQA") was completed. This was untrue! **No such action or vote was ever taken!**

A violation of **CEQA** & constitutes a **civil rights violation** since these public employees were acting illegally "under cover of legal authority."

The proposed action seeks to reverse approval of the Oso Bridge & seeks damages & attorney's fees for the public abuse of trust.

**If the bridge is stopped, then all the routes are off the table!** (There are 7 options remaining, 3 of which go through San Clemente.)

**ALL proceeds go directly to the law firm, Larsen, Willis & Woodard, LLP, for the lawsuit against TCA. Any Amount, Small or Large helps tremendously!**

**Contribute online at:**

<https://fundrazr.com/Stopthe241atOSO?>

**Not One More Inch!**

**Checks or money orders also accepted: Mail to address below & note fund in the memo field!**
